

**Mountain Way Common
Steering Committee #5
February 28th, 7:00 PM, Blue Heron Nature Preserve**

Attendees: Kevin McCauley, Dan Weede, Gordon Certain, Mandy LeCompte, Marianna Lee, Beth Godwin

Park Pride Staff: Walt Ray, Becky Katz

The Steering Committee meeting started with a review of the first public meeting. The committee observed that all of the S.W.O.C. and wish list items were anticipated and the public meeting in general was very positive. Attendees acknowledge that Mountain Way Common is a neighborhood park and had an easy time separating the GA 400 Trail from the Visioning.

Looking toward the second public meeting, the Steering Committee wanted to increase attendance to make sure the Visioning Process is documenting as large of a community as possible. To drive attendance, the Steering Committee decided to extend personal invites as follows:

- The Rotary Club- Dan Weede
- Boy Scout/Eagle Scout Leaders- Dan Weede
- Ryan Cameron Foundation- Mandy LeCompte
- Sarah Smith- Mandy LeCompte
- Sutton Middle- Mandy LeCompte
- North Atlanta Weekly E-Blast- Kevin McCauley
- Little Nancy Creek Board- Gordon Certain

Walt Ray went on to explain that the next public meeting will be a design workshop. Attendees will be split into small groups and will be provided with a Park Pride Visual Resource Guide and a topographic map of Mountain Way Common and its surrounding properties. Steering Committee members should split themselves between the tables and encourage attendees to write all opinions down on the resource guides and maps. Marianna Lee agreed to bring snacks for the meeting.

The Steering Committee meeting finished after Park Pride agreed to ask Carlos Perez to present about the connection of the GA 400 Trail into Mountain Way Common at either the next public meeting on March 12th or the following meeting on April 16th. It would be useful to know what is still on the table for the trailhead, to make sure the final Visioning Plan is cohesive with the plan.

The first public meeting was a big success. The second public meeting will be even better. See you at St. James United Methodist on **March 12th, 2013 at 7pm.**
